FOREWORD

The NSS Unit in Sri Padmavathi School of Pharmacy was sanctioned on March 16, 2015 under JNTU, Anantapur with the primary objective of developing the personality and character of the student youth through voluntary community service. The motto of NSS is “**Not Me But You**”, which reflects the essence of democratic living and upholds the need for self-less service in addition to education.

Objectives:

The objectives include:

- understanding the community in which they work
- understanding themselves in relation to their community
- identifying the needs and problems of the community and involve them in problem-solving
- developing among themselves a sense of social and civic responsibility
- utilising their knowledge in finding practical solutions to individual and community problems
- develop competence required for group-living and sharing of responsibilities
- gaining skills in mobilising community participation
- acquiring leadership qualities and democratic attitudes
- developing capacity to meet emergencies and natural disasters and practice national integration and social harmony

Functions:

The functions of NSS Unit include

- understanding rich heritage and cultural diversity of India and integrating nation through social services.
- establishing rapport with the community where it is serving.
- identifying the needs, problems and resources of the community.
- planning programs and carry out these plans.
- relating its learnings and experiences towards finding solutions to the problems being identified.
- conducting and participating in National Festivals.
- participating in National Youth Festivals.

Seven Day/ Night NSS Special Camp

Special Camping forms an integral part of National Service Scheme. It has a special appeal to the youth as it provides unique opportunities to the students for group living, collective experience sharing and constant interaction with the community.

The primary objectives of the special camping programs are:

- Making education more relevant to the present situation, to meet the felt needs of the communities and supplement the education of university/college/school students by bringing them face to face with the prevailing situation of the community.
- To provide opportunities for students to play their due roles in the implementation of various development programs by planning and executing development projects, which not only help in creating durable community assets in rural areas and slums but also result in the improvement of the condition of weaker sections of the communities.
- Encouraging the students and non-student to work along with the adults in rural areas, thereby developing their character, social consciousness and commitment, discipline and healthy and helpful attitudes towards the community.
- Building potential youth leaders by exploring the latent potential among the campers, both students as well as local youth (rural and urban), with a view to involve them more intimately in development projects for longer periods. The local leadership generated during the camps would also be useful in ensuring proper maintenance of the assets created as a result of the camps.
- Emphasizing the dignity of labor and self-help and the need for combining physical work with intellectual pursuits, and encouraging youth to participate enthusiastically in the process of national development, and promote national integration through democratic living and cooperative action.

NSS Camp
18th to 24th March 2024

The NSS special was conducted at our adopted village, **MUNDLAPUDI**, Tirupati rural, from 18-03-2024 to 24-03-2024, for the academic year 2023-2024. The purpose of this camp is,

- to inculcate the need of Swachta environment in the villagers.
- to maintain clean and tidy environment.
- to ignite volunteers to support the swachta activities.
- to motivate public to vote for upcoming elections.
- to aware public about importance of corruption free voting.
- to face any untoward or unexpected medical conditions.
- to perform first aid measures in those conditions.
- to warn villagers regarding the water scarcity during summer.
- to prepare them to effectively utilize water conservation methods to face the above conditions.
- to improve ground water levels by constructing rain water harvesting pits at least one per house.
- to demonstrate villagers regarding construction of rain water harvesting pits.
- to donate clothing to the poor and needy.

Day 1: 18 March 2024
Rally followed by Swatch Bharath

Objectives:

- To inculcate the need of Swatchta environment in the villagers.
- To practice and maintain clean and tidy environment on regular basis.
- To ignite volunteers to support the swatchta activities.

Methodology: Sree Ramalingeswara Swamy temple and its premises at the entrance of Mundlapudi were cleaned by our volunteers. Before starting the cleaning process, our volunteers wore proper gloves and other requirements to prevent pathogenic ingestion because of direct contact with waste and dirt. Then they divided into groups and divided the area into subzones and collected the waste in their respective subzones. The dust was collected in the disposable bags, sealed and disposed properly.

Impact: Our volunteers regularly conduct Swatchta programmes at Mundlapudi. The villagers were also adapted to swatchta practices in their living premises thereby taken measurements for a healthy life and safeguarding themselves from the spread of diseases and infections.

Day 2: 19 March 2024

Activity-I: House to house awareness programme on Voter enrollment and casting corruption free vote

Objectives:

- To educate people about significance of voting.
- To motivate people for voter enrollment.
- To educate people to cast corruption free vote.
- To perform first aid measures in sunstroke
- To demonstrate and practice CPR.

Methodology: Our volunteers visited each house of Mundlapudi and given awareness regarding voter enrollment and importance of voting. They also explained safety precautions to be followed for excess heat and dehydration, first aid measures on sunstroke and demonstrated CPR during emergency.

Impact: By educating people regarding voter enrollment and casting their vote will support in establishing effective governance. The procedures explained to handle sunstroke, dehydration and CPR can save many people during emergency especially for upcoming summer.

Day 3: 20 March 2024

Activity-I: Old cloth Donation

Objectives:

- To donate clothing to the poor and needy.
- To understand the problems of people who live in slum areas.
- To inculcate empathy in students towards other side of life.

Methodology: Our volunteers started collecting unused old clothing from their families and neighbours. We went to a slum area near Mundlapudi and interacted with them during this donation programme.

Impact: This old unused clothing donation programme have two benefits. The poor people will get one of the basic needs. On the other hand, since old unused clothing was donated, the burden to develop new clothing will decrease. This will reduce demand of resources. Since the people benefited from this programme are living in a slum area, volunteers got a chance to experience and understand the life of these people who are striving for basic needs like food and shelter. This will improve empathy in their young minds.

Day 4- 21 March 2024

Activity-I: Construction of rain water harvesting pits

Objectives:

- To improve ground water levels by constructing rain water harvesting pits at least one per house.
- To demonstrate villagers regarding construction of rain water harvesting pits.

Methodology: Our volunteers were trained regarding water conservation methods and construction of rain water harvesting pits. The required instruments like shovel, sand and different grades of stone for constructing pits were taken to the site and constructed pits.

Impact: Three rain water harvesting pits were constructed in the adopted village and demonstrated the mode of construction to the villagers. It will improve ground water levels and avoid water scarcity.

Day 5- 22 March 2024
Activity-I: One house - one plant campaign

Objectives:

- To improve greenery in the village.
- To plant at least one plant for each house.
- To reduce excess temperature and carbon foot prints to provide comfortable weather conditions.
- To reduce noise pollution to the neighbouring household population.
- To help students in understanding value of plants and trees.

Methodology: We collected 500 plants including guava and pomegranate from local forest department and transported to Mundlapudi. Then, we distributed and planted these plants to each house including Govt. MPP School.

Impact: Through this one house - one plant campaign, every house was planted with guava and pomegranate plants. People voluntarily come forward to take these plants. This will achieve the expected objectives for which the programme is intended for.
